

Health Information Required for School Entry

Requirements:

- 1) 4 or more doses of DPT (Diphtheria, Pertussis, Tetanus) vaccine (If child received the 4th dose before 4th birthday, a 5th dose is required)
- 2) 3 or more doses of Polio vaccine (If child received the 3rd dose before 4th birthday, a 4th dose is required)
- 3) 2 doses of MMR (Measles, Mumps, Rubella) vaccine
- 4) 3 doses of HepB (Hepatitis B) vaccine
- 5) 2 doses of Varicella (Chicken Pox) vaccine (**All new enterers into Kindergarten through 8th grade are required** to have **2** doses)

*A disease history/date of Varicella must be **verified by a health care provider** to be exempted from the vaccination*
- 6) Mantoux (PPD) Tuberculin skin test **with results or** Tuberculosis Risk Assessment **with results**
- 7) Lead blood test – **Required** for all **Kindergarten** students (This blood test is usually performed at approximately 12 months of age. If not completed or test results cannot be supplied, the blood test must be completed for entry into Kindergarten).
- 8) New enterers to the public school system are required to have a **physical exam within 2 years of entry**. The physical exam report must be provided for admission to school.

Please discuss the following non-required immunizations with your child's healthcare provider:

1. Hepatitis A Series
2. Meningococcal (Meningitis) - MCV
3. Human Papillomavirus (for cervical cancer) - HPV
4. Tetanus & Pertussis booster (Tdap)
5. Flu vaccine(s)
6. Pneumococcal vaccine
